(Limited to 30 Facilities – 2 Employees Per Facility)

**Both Classes are Full.**  
Contact MHCA offices if you would like to get on a waiting list for this class. (601) 898-5320

The Mississippi Health Care Association (MSHA) in partnership with Knowledge Center, LLC will be offering two separate trainings on January 23 & 24, 2019 for the new Bed Tracking and reporting system that went live July 1, 2018. This System is replacing the current SMARTT system now being used. Due to the hands-on nature of this program, space will be limited to 30 facilities with each sending 2 employees.

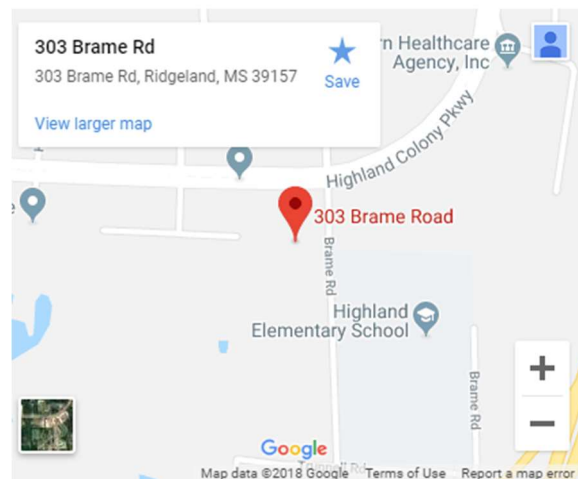

Highlights of this program include:

- “Hands-on keyboard” instruction
- Basic skills to access Knowledge Center Healthcare Incident Management System (HIMS)
- Learn how to log in and navigate the various functions within the application
- Gain hands-on experience using Knowledge Center tools
- Learn how to create, edit and update incidents, create and modify logs, send messages, and respond to alerts
- Use Reference Tools.
- General overview of the KC Status Board
- KC Action Requests and
- Review how users receive Action Requests alerts and respond to them using KC.

**\*\*NOTE: THIS IS REQUIRED TRAINING FOR ALL EMERGENCY OPERATIONS PLANS\*\***
