

There's more to long-term care than just providing health care.

Community Awareness • Health Care Education • Outings • Medical & Personal Needs

*Help enhance
the quality of life for
nursing home residents.*

MISSISSIPPI HEALTH CARE FOUNDATION

Giving even a little can mean so much.

*Comfortable shoes...a new pair of glasses...
special outings...small things,
but they can make a big difference in a
person's life, particularly in the twilight years.*

That's why the Mississippi Health Care Association has started a Foundation—to help provide financial assistance and support for the state's nursing home residents.

The Foundation helps bridge the gap between the quality of care provided in nursing home facilities and those special emotional and physical needs not covered by insurance policies, Medicare, Medicaid, even family members. The Foundation organizes special outings & events to fulfill life-long dreams of nursing home residents. We also award educational scholarships to long-term health care staff members.

The Foundation is here to address these needs, but we need your help!

Join the Mississippi Health Care Foundation in helping enhance the quality of life for long-term care residents.

WHAT WE PROVIDE AND HOW YOU CAN HELP:

The Mississippi Health Care Foundation provides financial assistance and support for the special needs of residents of nursing home facilities. Our mission is to enhance the quality of life for residents in nursing homes in our state. Your generous donation to the Foundation contributes towards:

- Purchasing medical and personal supplies, such as eye glasses, dentures, shoes, clothing, and other medically and personally-related needs not provided by Medicaid, Medicare, or other sources;
- Fulfilling lifelong dreams by organizing special events and outings;
- Awarding scholarships for continuing education in long-term health care fields, including nursing, social work, and therapeutic activities;
- Raising positive community awareness about the services provided in long-term health care facilities.
